The resolution of Alderman Southwick was objected to by Alderman Waish, and action was deferred until the next meeting of the Board. A resolution was effered by Alderman Garrison to increase the salary of the Commissioner of Charlites from \$1.20 to \$1.20 a year. It was referred. # MISS GOULD'S ANTI-ROBERTS CRUSADE.

A MEETING TO BE HELD AT TARRYTOWN TO PROMOTE HIS EXPULSION FROM CONGRESS.

Mormon meeting at Tarrytown-on-the-Hudson. Miss Helen M. Gould, who has manifested a strong interest in the movement for the expulsion of Brig-ham H. Roberts, of Utah, from Congress, is taking an active part in the arrangements, and is suping an active part in the arrangements, and is supported by many prominent citizens of the village. The meeting will be held at Music Hall, the largest public place in Tarrytown, and several well known men are expected to speak, including Eugene Young, a grandson of Brigham Young.

The sentiment in Tarrytown is decidedly adverse to the seating of Roberts, and, in accordance with Miss Gould's suggestion, most of the people rawe already signed petitions calling upon Congressman John Q. Underhill, of New-Rochelle, to vote against him.

# SEIZURE OF WASHED STAMPS.

MRREST OF A MAN WHO, IT IS ALLEGED, WAS

Internal Revenue Agent Thompson, of the Second District of New-York, arrested David D. Badeu, who has a stamp store at No. 12 Broadway, yesterday afternoon on a charge of buying and sell-ing washed internal revenue stamps. Agent Thompson seized about 5,000 revenue stamps, each worth from \$1 to \$30. Many of the stamps had been washed. The fact that a large number of errand boys and junior clerks in brokers' and bankers' offices in Wall-st. used to go to Badeu's store ex-

cited suspicion, which led to the informing of the

internal revenue officers.

Badeu was taken to the General Postoffice. Ther he said that he was forty-two years old and that he said that he was forty-two years old and that he lived at East Orange, N. J. He said that he had been in the stamp business at No. 12 Broadway since July, 1898. He was afterward arraigned before United States Commissioner Shields and held in \$5,000 ball for examination on Tuesday next.

Agent Thompson says that while Badeu was in business he cleared something like \$50,000 by the sale of washed internal revenue stamps, and that the Government was defrauded out of at least twice that amount by these transactions. The revenue officers say that they used boys to secure the proof that the man was defailing in washed stamps, and that at the hearing they will be called as witnesses against Badeu.

## ALERT TO STOP A TROLLEY GRAB.

LARCHMONT PEOPLE AFRAID A ROAD WILI BE BUILT WITHOUT A FRANCHISE.

There are rumors that the Tarrytown, White Plains and Mamaroneck Railway may attempt to go through Larchmont without a franchise, and the residents of that place are on the alert. The company now has 150 men at work building its road between Mamaroneck and New-Rochelle, in the Boston Post Road. It has no franchise in Larchmont Manor, but it has one in the town of Mamaroneck. The residents of Larchmont, placing a proper value on their fine highways, have persistently refused to give permission for the road to go through, and now a local company has made application, which, it is thought, will completely block the "Huckleberry" system, so far as Larch-

mont is concerned.

A person connected with the construction of the read was reported yesterday as saying that in the event of a holiday and Sunday coming together, thus giving two days in which the courts are closed, an attempt might be made to push through Larchmont. The residents have not shown themselves in favor of the "Huckberry" line, and it is safe to say that if such an attempt is made Larchmont will follow the example of other places, and call out its crack fire companies to disperse the trolley laborers.

Two of them were discharged and the rest have resigned. THE TREASURY.

Rome, Nov. 28 .- Dr. Bacelli, Minister of the Treas ury, presented his financial statement in the Cham-ber of Deputies to-day. He said the Budget of 1898-'99 closed with a surplus of over 15,000,000 lire owing almost entirely to the increased revenue, ex-ceeding the estimates by 42,000,000 lire. The expen-diture exceeded the estimates by 27,000,000 lire. The increase of revenue, he added, was a sure indica-tion of the notable revival in the economic con-dition of the country. The anticipated Budget for 1899-1900 would show a deficit of 11,500,000 lire, al-though possibly this would be covered if the in-

construction of warships would be met, the amerister explained, by an annual "easury advance of 10,000,000 lire for four years, without appeal for a credit or issue of bonds. The annuat would be repaid in instalments by organic retrenhments.

The Marine Ministry anticipated a deficit of 14,000,000 lire in the Budget of 1990-01.

In order to prevent serious financial trouble it was thought necessary to modify the fiscal arrangements affecting sugar, and also to introduce rangements affecting sugar, and also to introduc-legislation affecting the mercantile marine and pen-

The promoters have for some time been attempting to bring this firm into the trust, but it is now settled that they will receive no encouragement, and that their offer has been finally declined. "The Gloversville Herald," which is fighting the embryo trust, regards the refusal of Jacob Adier & Co., whose mills are situated in Gloversville, N. Y., as a hard blow to the trust. "A glove trust without the Adlers would be almost equivalent to the play of 'Hamlet' with Hamlet omitted," it says. "This is a good time for other manufacturers to announce their determination to leave the trust alone, and continue the management and proprietorship of their glove factories."
